ATTENTION OF BIDDERS IS DIRECTED TO:

ANSWERS TO QUESTIONS RECEIVED THROUGH 5:00 P.M., OCTOBER 21, 2015

ANSWERS TO QUESTIONS RECEIVED THROUGH 5:00 P.M., OCTOBER 21, 2015:

Q#1: E-track- says "flush mounted" does this mean surface mounted on top of the plywood or recessed to be even with plywood surface?

A#1 The Specifications requiring a "flush mounted" E-Track rails means recessed in the floor intending to prevent a trip hazard.

Q#2 Vents-says "(2) side vents" we can do a salem side wall vent (aluminum that opens and closes) or a Plastic flow through vent. Does it matter?

A#2 It does not matter. Both the aluminum vent that opens and closes and the plastic flow through vent would satisfy the Specification for the side vents.

Receipt of Q&A No. 1, Invitation No. 4256 is hereby acknowledged:
