Richard A. Hodges

Date

 6/25/12
Kathleen Weiss Date

ANSWERS TO QUESTIONS RECEIVED THROUGH 12:00 P.M., JUNE 25, 2012:

Q#1 Please consider this Email a request to consider the Navistar Engine as an approved equal under the EPA guidelines of meeting the emission requirements for 2010. On page 7e your first point under your engine requirements states "the engine shall be compliant and certified to meet the 2010 Federal EPA Emissions Standards without using Federal EPA credits." Our position is our engine performs and meets the standards as set by the United States EPA and should be an approved equal. Thank You for your consideration in this matter

A#1 *No alternatives to the Cummins ISC engines are being considered under this Invitation to Bid.*

Receipt of Addendum No. 2, Invitation No. 4185 is hereby acknowledged:
