****MEDIA ALERT****

Ohio Turnpike bridge project in Erie County to slow traffic this weekend

*Traffic will be maintained in one lane throughout project that ends 2:00 p.m. Saturday**

BEREA (July 28, 2016) – Starting tomorrow night at 9:00 p.m., the Ohio Turnpike westbound between mileposts 119 and 116.5 in Milan Township, Erie County, will be reduced to a single lane until Saturday at approximately 2:00 p.m., weather permitting.

The project will require a 35 mph work zone due to a mainline bridge deck concrete pour on the Ohio Turnpike westbound over Kelley Road in Erie County. Westbound Cedar Point traffic is advised to use SR 2 westbound as an alternate route.

*Factors that may affect exact project start time and completion include inclement weather and unforeseen project complications. For ongoing updates please refer to www.ohioturnpike.org/constructionupdates and follow the Ohio Turnpike on Twitter: @OhioTurnpike.

###

The Ohio Turnpike is a 241-mile toll road offering one of the safest, best and most convenient routes for motorists to reach east/west destinations along the northern corridor of Ohio.
