THE FOLLOWING CORRECTIONS ARE MADE TO THE ANSWERS ISSUED TO QUESTIONS #3 AND #16 AS SET FORTH IN ADDENDUM NO. 2

Q#3 Are there any tolls that have restrooms that we can secure if needed to administer drug testing? I know that not all have restrooms but there are a couple that does, can you tell me which ones?

**A#3 All toll plazas have restrooms. The District Toll Supervisors secure the restrooms and do not allow collectors to enter the restrooms until the testing process has concluded.**

Q#16 When are the majority of the tests administered? Morning, afternoon or evenings, does it matter?

**A#16 The list for maintenance is generated through a random software program. The start time for Maintenance random, on-site testing is 8:00 a.m. from October-April and 7:00 a.m. from May through September. For Toll Operations, tests are for all three shifts and will begin at either 7:00 a.m., 3:00 p.m. or 11:00 p.m.**
