ANSWERS TO QUESTIONS RECEIVED THROUGH 10 AM ON FEBRUARY 2, 2018:

Q#1 The bid packet indicates that this is a contract bid but under the Additional Terms section (A) the awarded vendor must delivery everything within 45 days. So this would not be an extended contract, it would be a purchase order for a one time delivery for all the items, is that correct?

A#1 You are correct, this is a one-time delivery contract (within 45 days from contract execution). The delivery quantities are detailed on page 6c.

Q#2 Also, there is no bid bond or performance bond required for this quote, is that correct.

A#2 Correct. There is no bid guaranty/performance bond required for this bid invitation, as confirmed in a box at the bottom of page 1.

Q#3 Traffix Devices is requesting your consideration to add our “Looper Cones” to OH-Turnpike Bid: 4311, Line 2, as an acceptable alternative to the Cortina “Grip-N-Go” Cones or Navigator Cones from Plastic Safety Systems.

A#3 TraFix Devices Looper Cone Series 46000-CRU proposed as equal for Item 2 is approved. The Specifications for Item 2 are revised accordingly to include the Looper Cone manufactured by Trafifix Devices.
