APPENDIX
Pages A-17 – A-25

ANSWERS TO QUESTIONS RECEIVED THROUGH 12:00 NOON, JUNE 18, 2014:

Q#1 The cores required in the bid are not standard, for our company, and require to be specially made. The lead time for these cores will place our samples, which are required to be submitted with the bid, will lead us to be disqualified for not being responsive. Do you have cores in stock that could be supplied to us to attempt using in our equipment? If it is not possible to supply cores to us, we kindly request extension of the bid due date to be able to comply with the samples request.

A#1 The Commission does not provide samples of the cores. Specifications for the cores are included in the bid package. There are no plans to extend the bid due date.

Q#2 In order to make the samples according to the requirement, we will need the high resolution artwork files to be able to make the appropriate samples. Would you please supply us with the files necessary to produce the sample rolls, and cut stock?

A#2 The Commission does not supply artwork. The toll rate files will be supplied to the successful bidder.

In addition to the above, the Commission notes that pages A-17 - A-25 of the Appendix were not attached to the original Bid Invitation. They are attached hereto.
