Date

**ANSWERS TO QUESTIONS RECEIVED THROUGH 5:00 P.M. ON JULY 9, 2024:**

**Q#1** In relation to question #5, “Discuss specific ideas you have for optimizing the Commissions current debt portfolio by generating economic savings, or in other ways. Detail how your idea(s) impacts the Commission's cost of capital (e.g., interest costs) and future debt capacity, as well as any other significant implications,” does the Commission have a preference of MMD date to be used?

*A#1 OTIC does not have a preferred MMD date to be used, however July 24, 2024, market conditions would be best. Yield curves should be expressed both in spread to MMD and BVAL High Grade scales.*

**END OF ADDENDUM NO. 1**
